Day, Date and Time of Meeting	Wednesday, November 18, 2015 At 6 PM		
Name of Chairman or Authorized Person	Open Space and Recreation Committee	**Date of Form**	
Signature of Chairman or Authorized Person		**Date Signed**	

AGENDA | Please list below the topics the chair reasonably anticipates will be discussed at the meeting.

The Open Space Committee will be hosting a design Charrette for the recreation and open space facility assessment/master plan. The Open Space and Recreation Committee is working with a consulting team on the development of this important plan, which is designed to help guide our future investment in the active and passive recreational facilities throughout our community. A Design Charrette is an exercise whereby skilled consultants work with a large group of residents to brainstorm a master plan that provides for the town for the next 20-50 years. At the end of the exercise, the consultants will have collected information on the preferences of the community and will have worked through a number of design concepts that will be pursued further in the development of the final master plan drawings and documents.

The larger master plan effort has been paid for through the use of Community Preservation Act funding and will specifically focus on Flash Road Park, Lowlands, town-wide beautification, the Tudor Beach/Town Wharf area improvements, pocket playgrounds (such as the one behind the library), and town paths and trails. It is a unique opportunity to help provide guidance to the Town related to how our community looks and functions (from an active and passive recreational and aesthetic perspective) in the future. Please consider attending if you are available and would like to participate.

Thanks.

Jeff Chelgren
Town Administrator
