**7. Town Administrators Report**

**TA:** regarding the Northern Strand Expansion Project: We have engaged with the DCR, DOT, The consultants Stantec, City of Lynn, We went to a site visit this week. We have expressed our concern on the traffic and environmental impacts. We are still supportive of the project. This project has to do with market st. to the rotary on the north bound side, and it wants to shrink that part of the lynnway from 3 lanes to 2 lanes and dedicate that lost lane to a two way bike path. We have expressed if it is on that side that the 3<sup>rd</sup> lane to the right is maintained up to about the porthole and take it off to the grass. That way the dedicated right lane to nahant will open back up. I will mention tonight to consider having the bike lane put on the southbound side of the lynnway instead.

We had an HR training with all dept heads this week on fmla/ada.
