THIS AGENDA IS SUBJECT TO CHANGE

3:00 PM CONTINUED PUBLIC HEARING from October 4, 2023, on the petition filed by Sally Sampson, owner of the property located at 43 Colby Way, Nahant, Massachusetts, seeking a Special Permit or Variance to relocate the existing main entry door from the right façade to the front façade and erect an associated cantilevered gable end roof and landing. Selectively demo the existing lower/minor gable roof and erect a new roofline to match the primary/major gable roofline at the residence to accommodate better space within for a code-compliant stair. The Building Inspectors issued a Stop Work Order on August 23, 2023, because Building Permit # R-23-00131 was issued in error. Section 3 of the Building Permit application states: "Kitchen and Bath gut renovation, new windows and finish exterior cladding with roof repair." The applicant failed to note that additions were to be made to the 2nd and 3rd floors. These additions, as built, increase the Floor Area Ratio to 1485 sq. ft., which is 59% of the lot area of 2411 sq. ft. After hearing from the applicant and the public, the Board of Appeals asked the applicant to provide additional information, such as dimensions added to the plans and calculations for the relief requested and continued the hearing.
